

TMS TENTS

SET-UP IN LESS THAN 5 MINUTES

- 30°C

+ 70°C

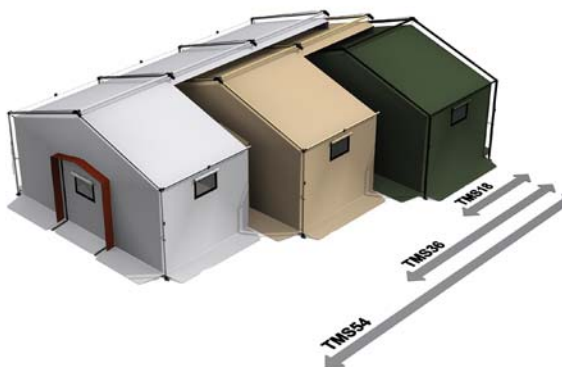

COMMERCIAL DESCRIPTION

TMS tents share the basic TM shelter concept and equips it with increased internal usable space using a variant-walled frame design. The shelter enjoys the TM shelter's zero-MHE, rapid set-up and easy principle of build.

TECHNICAL DESCRIPTION

- ▶ Standard configuration :
 - Frame color : black
 - Main canvas color : white, NATO green, sand
 - Ground sheet color : green for green tents and grey for white or sand tents
 - Doors : 1.80 m-wide
 - Window : 80 x 60 cm with cristal and privacy shutter
 - Ground sheet fixed by velcro and straps
 - Hanging net (black)
 - Access sleeves : 45 cm diameter
 - Waterproofing flaps
 - Hanging points for inner liner, COLPRO liner, decontamination liner for 3 lines
- ▶ Available dimensions :
 - TMS18 : 18 m²
 - TMS36 : 36 m²
 - TMS54 : 54 m²
- ▶ Storage :

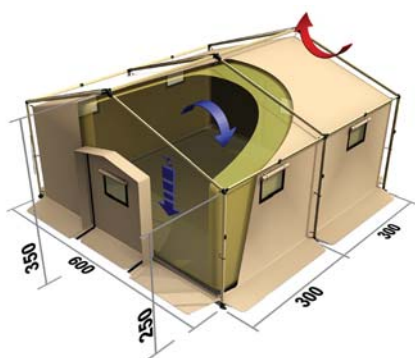

Frame and canvas are stored in transport bags.
These bags have 6 handles and can be moved with forklift.

Since its launch in 2013, this design has seen increasing interest amongst the military sector.

HIGH QUALITY MANUFACTURING

The TMS tents are made of resistant and quality materials.

- ▶ Axles and foot plates made from steel. Eyelets, toggles, hooks and screws made from hot-dip galvanized steel that provides high corrosion resistance (salt spray testing for 168 hours).
- ▶ Main canvas manufactured from 500 g/m² polyester coated with PVC from both sides. All shelters use high frequency welding techniques.

ACCESSORIES & OPTIONS

The TMS tents can benefit from the following accessories and options :

- ▶ Accessories :
 - Inner liner : polyester - insulating (with or without aluminium) - partitions and cubicles
 - NBC liner - Decontamination - Biological with TFA and CCA
